## My Hobbies

The image shows a hand-drawn diagram on a white background. It consists of two distinct groups of parallel horizontal lines. The upper group contains four lines, and the lower group contains five lines. On the far left side of the diagram, there are small black dots positioned vertically along the lines. From each of these dots, a short blue arrow points towards the right end of its respective line. The lines are drawn with a dark blue or black ink, and the overall appearance is that of a simple technical sketch or a diagram from a notebook.

## My Education

- A hand-drawn diagram on lined paper. It consists of several horizontal lines of varying lengths and positions. On the far left, there are three short horizontal lines with small circular marks at their left ends. To the right of these, a longer horizontal line extends across the page. Further to the right, another set of horizontal lines is present, with one line ending in a small arrowhead pointing upwards. In the bottom right corner, there is a vertical rectangle defined by a vertical line on the left and a horizontal line on the bottom. A vertical arrow points upwards from the top of the left vertical line towards the top horizontal line.
